2012 Student Leadership Award
Undergraduate Division

To Whom It May Concern:

I am very excited to get the opportunity to participate in the Student Leadership Workshops as I want to expand my vision and improve my skills as a leader. For the past couple of years, I have been a very active person in voluntary work. I have participated in the family support of the National Guard, helping others kids to deal with the fact that their parents are on active duty. I was the president of the youth committee and help deal with different emotions in our kids and how fast and good we can resolve a problem. Other very important position that I had assumed was being the insular secretary of the National Honor Society, Puerto Rico section. This position was a real challenge and a great tool. I learned how to make minutes, organize an activity, take notes, prepare documents always on time and in order, how to make good presentations, make invitations and among many others duties. Also, I had many leadership positions during high school including the vice-president of the advisor students of the college, secretary of the 4-H Club, president of the Trinity student chapter of the National Honor Society and made voluntary work in the school. All those positions bring me important learning such as how to communicate in effective's ways, how to make good advertisement, held meetings, commitment to my job, leadership and last but not least charity.

On 2009, I decided to prepare a voluntary visit to a kid's shelter. Actually, it was a very great and successful activity. I have the opportunity to ask public and private company to make donations for help the shelter. That experience makes me a better person, and in the same time helps others in need. Furthermore, this activity helped me to acquire self-confidence and make efforts to be a good person and a great professional in all aspects.

One year ago, I decided to become part of the American Chemical Society (ACS), at first I was just a member, but during the time I was responsible of the national chemistry week coordination and other issues. Those activities motivated me to have a position in the staff. For this reason, I agreed to be the 2011-2012 director of the ACS-student chapter Green Chemistry Division from the University of Puerto

Rico at Aguadilla. On this position, I have the opportunity to put into practice all of my knowledge and create innovative ideas to impact the community and motivate the active participation of the member from our chapter.

All of these reasons, I am encourage to apply for this opportunity Student Leadership Awards. I think very important to get strong leadership skill for develop my future career. I plan to use these skills to motivate our students to establish more goals and believe more in themselves. Not everyone is a leader but with help you can became one of a kind. Everyone has a different style, and that is what makes a difference, making you an example for our society.

I have attached my resume you can reach me at the below phone number or e-mail address. I look forward to hear from you soon.

Sincerely,

Eva Isis Gordian Rivera

OBJECTIVE

- ❖ Obtain a position where I can develop skills and acquire new experiences applying my knowledge in chemistry, biology and general sciences.

EDUCATION

- ❖ 2009 at present University of Puerto Rico at Aguadilla
Bachelor on Biomedical Sciences
- ❖ 2009-1994 Holy Trinity College at Ponce, Puerto Rico
Certificate of High School

AWARDS

- ❖ Holy Trinity College : “Amor Cristiano “ award
 - Recognition for the Christian virtues and the compromise with the mission of the church.
 - May 21,2009

WORK EXPERIENCE

- ❖ 2011 Enrique Laguerre Library Aguadilla , P.R.
 - Helping students to make references
 - Assist the students to use the data bases of the university
 - Discipline of the library area
- ❖ 2008-2009 Manteleria Sonia Ponce, P.R.
 - Office assistant
 - Coordination of appointments
 - Contracts of activity
 - Decoration of activities
 - Customer service
- ❖ 2008-2009 Holy Trinity College Ponce, P.R.
 - Elementary school teachers assistant
 - Help the teacher in class

Educational Experience

- ❖ 2011-2012
 - Director of the Green Chemistry Division of the American Chemical Society of the University of Puerto Rico at Aguadilla student chapter.
- ❖ 2011
 - Participation in the Minority Science and Engineering Improvement Program .At the beginning of the summer at the University of Puerto Rico at Aguadilla.
- ❖ 2010
 - Usher contribution during the 34th ACS Senior Technical Meeting sponsored by the American Chemical Society Puerto Rico section, at Mayaguez,P.R.
- ❖ 2009
 - Member of the American Chemical Society student chapter from the University of Puerto Rico at Aguadilla.
- ❖ 2009-2010
 - Member of the Puerto Rico Water and Environmental Association (PRWEA) student chapter from the University of Puerto Rico at Aguadilla.
- ❖ 2009
 - Vice-president of the Trinity advisor students of the Holy Trinity College at Ponce, P.R.
- ❖ 2009
 - Vice-president of the 2009 senior class of the Holy Trinity College in Ponce, P.R.
- ❖ 2008-2009
 - Insular Secretary of the National Honor Society

2012 Student Leadership Award
Undergraduate Division
American Chemical Society (ACS)

To Whom It May Concern:

Eva I. Gordián Rivera is an extraordinary young woman. As the advisor of the American Chemical Society (ACS)-Student Chapter and a Chemistry Professor, I work closely with many of the students registered in the Natural Science Department in the University of Puerto Rico at Aguadilla. I must note of Eva their exceptional reliability, sense of responsibility and strong compromise with her academic performance and outreach programs. Her excellent performance is a direct result of her hard work and strong focus. Eva was one of the most studious and motivate student from my General Chemistry course and she is currently director of the Green Chemistry Division in our chapter. After three years time, I have come to know her well and would like to recommend her as a candidate for your Student Leadership Award for undergraduate student with high performances and real interested to get leadership training.

Miss Gordián Rivera is a trustworthy individual, authentically, diligence and her ability to work collaboratively made working with her an outstanding experience. Furthermore, she is a dedicated student that has donated countless hours of her time, as instance, she worked preparing chemistry demonstrations in order to encourage K-12 students and the community to understand that the science is our world. She demonstrated an ability to rise to any challenge that she must face. Eva has outstanding organizational skills. She is able to successfully complete multiple tasks with favorable results despite deadline pressure.

To conclude, I would like to restate my strong recommendation for this young woman, Eva I. Gordián Rivera, as the ideal candidate to receive the 2012 Student Leadership Award. I enthusiastically recommend her and wish her the very best in all future endeavors.

Sincerely,

Brenda J. Ramos-Santana, MS
