

# Lovely, Lovely Earth

Lovely, Lovely Earth,  
Where Things Came Forth Without Strife  
She Gave The Land Mirth  
She Gave The Land Life

Formed With Many Others,  
All Circling The Sun  
Some Brothers And Some Mothers,  
Having A Great Time In The Sunny, Sunny, Fun

Banged With Many Things,  
She Barely Stayed Alive,  
But Then The Tiny Life Like Thing  
Now Life And Earth Can Thrive

Earth, Earth, Lovely Earth  
I'm So Glad She Had Birth
