January 18, 2011 - Abstract submission, registration, and housing open

Calling all Students - [apply](#) by February 1 for two green chemistry awards

Coming Together: Joint Green Chemistry & Engineering Conference 15th Annual Green Chemistry & Engineering Conference + 5th International Conference on Green and Sustainable Chemistry

January 18, 2011: [Abstract submission](#), [registration](#), and [housing open](#)

Two international conferences are uniting, June 21-23, 2011, to provide greater access to highly valuable exchanges of information, research and commercialization processes in the green chemistry and engineering fields.

The world's brightest scientific researchers, government and industry leaders will come together in Washington, D.C. to catalyze green chemistry as the solution to global challenges. This joint event commemorates 2011, the International Year of Chemistry (IYC), designated by the United Nations, and is an official IYC event.

One location, three days, over twenty technical sessions and more!

[Green Expo](#): Access products and services from the green marketplace in one location.

[Green Chemistry Live](#): See the future of green innovation --- U.S. Environmental Protection Agency's Presidential Green Chemistry Challenge Award recipients will share their innovative success stories. Plus, planning for media activities in underway for our media room.

[Student Workshop & Outreach Event](#): On Monday, June 20, the Student Workshop will begin with an introduction to green chemistry & engineering. In the afternoon, students have a choice between the Education Track and Outreach Track. Students in the Education Track will take a deeper dive into special topics of green chemistry and engineering, such as toxicology, tools, and metrics. On Thursday, June 23, students trained during the Outreach Track on Monday will lead outreach activities along with the Beyond Benign staff members and Beyond Benign Outreach Fellows.

InformexUSA | February 7-10, 2011 | Charlotte, NC

[InformexUSA](#) has introduced a new series of interactive [conference sessions](#) for the 2011 show on February 9 & 10. Stop by room 218 on February 9 from 8-11am for Green Chemistry [conference sessions](#).

Additionally on Tuesday, Feb 8 from 1 - 2 pm in Room 201, join the [ACS GCI Pharmaceutical Roundtable](#) for a presentation and lunch (free!) to learn about the new tool to share metrics through the supply chain. Register for lunch at gcipr@acs.org.

Join your clients, colleagues, and peers at InformexUSA; [click here](#) to register now.

Brazil Travel Opportunity

Travel to Brazil with Nancy B. Jackson, Ph.D., and Russell J. Boyd, Ph.D., in May 2011 as a member of the [People to People Green Chemistry and Chemical Engineering Delegation](#). Join colleagues from around the world who understand the need for greater depth of knowledge in green chemistry and engineering.

[RSVP](#) by **February 15** to join the delegation!

Green Chemistry Job Opportunities

NSF Sustainability is seeking to hire an experienced green chemistry project manager. The successful candidate will take on a diverse range of responsibilities related to high quality assurance services, support business development and contribute to market-driven service development. NSF Sustainability is a unit of NSF International, a not-for-profit public health organization headquartered in Ann Arbor, Michigan. For more information please contact vgaggo@nsf.org.

ACS GCI is hiring a Communications and Outreach Associate. This position is responsible for the development, implementation, and oversight of a comprehensive communications and public outreach program for ACS GCI for domestic and international audiences. For details, [click here](#).

Theme for the 2011 event is "Global Challenges, Green Chemistry Solutions"

Abstract submission for oral and poster presentations is open **January 18 - February 25**.

Session Topics (subject to change)

- [Auto Industry](#)
- [Greener Pharmaceutical Processes and Products](#)
- [Biocatalysis for Green Processes](#)
- [Green Solvents](#)
- [Catalysis](#)
- [Indigenous People and the Supply Chain](#)
- [Designing Chemicals for Low Toxicity](#)
- [Life Cycle Assessment](#)
- [Dissemination of Information](#)
- [Material Science](#)
- [Entrepreneurship](#)
- [Methods for Assessing Green Chemicals & Materials](#)
- [Environmental Health Science](#)
- [Polymers](#)
- [Flow Reactors](#)
- [Risk Issues](#)
- [Green Analytical Chemistry: Efficient Analysis Solutions](#)
- [Separations](#)
- [Green Chemistry Approaches to Renewable Energy](#)
- [Sustainable Recycling Methods for Electronic Materials](#)
- [Green Engineering](#)
- [Synthesis](#)
- [Greening Formulated Consumer Products](#)
- [Transformative Education](#)

Conference Co-Chairs

[Dr. Berkeley W. "Buzz" Cue, Jr.](#),
Founder and President, BWC Pharma Consulting, LLC

[Dr. Chao-Jun Li](#),
Professor, McGill University

[Dr. Robert Peoples](#),
Director, ACS Green Chemistry Institute®

Important Dates to Remember

January 18
Abstract, Housing, and Registration open

February 25
Last day to submit abstracts

April 29
Advanced registration rate ends

April 30
Onsite registration rate begins

May 19
Last day to reserve housing at the discounted rate

June 10
Last day to register in advance of the conference (must register on-site after June 10).

Upcoming Events

ACS Webinar: Green Chemistry and Sustainability Series, "Do Business and Chemistry Skills have to be like Oil & Water?" with Lynn Leger, GreenCentre Canada, [Webinar Information](#), January 27

Sustainable Packaging Symposium - Advancing the Greener Supply Chain, Hyatt Regency Chicago, [Conference Information](#), March 16-18, 2011

Green Chemistry 101 Workshop, Anaheim, California, Spring ACS National Meeting, [Workshop Information](#), March 28, 2011

Thank you to our early 2011 Conference Sponsors and Exhibitors!

Opportunities to [sponsor or exhibit](#) at the conference are still available!
