IUPAC 2020 Global Women’s Breakfast (GWB2020)

Scientists from around the world are invited to participate in the IUPAC 2020 Global Women’s Breakfast (GWB2020) by Collage of education, Ibn-Al-Hythaim, University of Baghdad and the American chemical Society- Iraq Chapter (ACS). This global event will be held on a single day, February 12, 2020, one day after the United Nations day of Women and Girls in science.

The overall purpose of GWB2020 is to establish an on-going virtual network where women in the chemical and related science can connect with each other in a meaningful way to support their professional aspirations.

The theme for GWB2020 is “Building bonds to create future leaders” with a focus on leadership development. Women and men from all types of educational and scientific organizations from high schools to universities, to scientific
societies, government and industry organization are welcome to organize breakfast events.

Breakfast events can be small or large, and we encourage each breakfast group to reach out and form a new bond with another group to connect with colleagues around the world. Networking bonds will depend upon the needs of your team, research partners, colleagues, educational resources, job opportunities and etc.
