CORONA VIRUS
As everyone know that the virus corona is dangerous and the virus is making of him a king of the earth
The thing that we should do

That always wash our hand
Anywhere we are we should put a mask on and when we back home we should throw it.
Don’t get together always maybe he/sh have COVID 🙇
As I just said in these four points we should do them always and put sterile
The corona virus love to live in the lung but if we drink water everyday the corona virus will die because he hate stomach.
Stay save at home
