

**NOT ALL CONFERENCES AND EXPOSITIONS ARE EQUAL. IF YOU ARE ONLY GOING TO ATTEND ONE, PITTCON 2020 IS THE CLEAR ADVANTAGE.**

Investigate, examine, touch, and test the latest scientific instrumentation at Pittcon, all while enriching your professional expertise. Join peers from around the world at the vibrant exposition, at the conference's informative technical sessions and skill-building short courses, and at distinctively scientific events. Collaborate, learn, compare best practices, and so much more at Pittcon. We are honored to have the ACS as a co-programming partner for Pittcon 2020. Don't miss the ACS Poster Session, Symposia, Awards Lecture, and other presentations led by your fellow members.

McCormick Place | Chicago, IL | March 1-5, 2020 | [www.pittcon.org](http://www.pittcon.org)
